

## TO DEFEAT JOE CANNON ARE QUITTING BUSINESS

Organized Effort Discovered, Says a Report, to Defeat Illinois Man For Speaker of the House.

Special to the Herald.

Washington, D. C., June 30.—An organized effort is said to have been discovered to defeat "Uncle Joe" Cannon for speaker of the Sixty-first congress if the republicans carry the house. He has been tagged as an undesirable reactionary and must be eliminated, so the report goes.

Iowa is expected to lead the revolt against the Illinois congressman. In the first place, Iowa has wanted the speakership honors for years as a tribute to her old veteran, Col. "Pete" Hepburn. In the second place, the state is not in sympathy with some of Cannon's policies.

The action of the republicans in Guthrie county, Iowa, adopting resolutions, calling upon Representative Walter I. Smith, one of the most influential men in the house, and one who is generally regarded as needing no instructions, to vote against Joseph G. Cannon for speaker, has said to be the first step in the campaign. Other Iowa organizations will follow suit, and it is predicted that many of the congressmen from that state will have the organizations, upon which they depend for election, demanding the defeat of Cannon and the selection of Hepburn to succeed him.

Should Iowa lead off in this matter, most of the northwestern states will follow her, it is calculated. Wisconsin is said to be up in arms against the drastic rules of the speaker that have squeezed the La Follette disciples so hard that they have been able to do nothing more effective than to make a futile protest. Not one solitary crumb of reform have they been able to bring forth to the hungry reformers in the Badger State, and they say it is all because "Uncle Joe" will not allow them to do anything to save the nation. Some of them have spoken their minds on the floor of the house, while others contented themselves with breaking over party lines when the speaker cracked his whip to carry out some of his plans.

Minnesota, Michigan, Nebraska, California and Kansas are counted on to vote for a change of affairs in the speaker, while scattering representatives, disgruntled by the way things have been run in the house during the last three congresses are classed with those who will vote against the Illinois member.

It is said that organized labor urge on the fight against Cannon. The speaker's opposition to the passage of legislation demanded by the American Federation of Labor and his fight at Chicago against the anti-labor plank in the republican platform has whetted the hatred of organized labor for him. If some of the republican representatives, booked for the disapproval of the American Federation of Labor are willing to pledge themselves to vote against Cannon, they may effect a compromise with the Federation.

Col. Hepburn is not the only man in the house who would like to succeed Cannon. There is Representative Burton of Ohio, regarded as the most effective orator, deepest thinker and profound student on the floor. Representative Bontell of Illinois is also said to be good timber.

Should the democrats by any chance regain control of the house, it is generally regarded as certain that Representative Champ Clark of Missouri will be chosen speaker. In the last five years Clark has grown immensely in the house, and besides being level-headed, is a first-class orator.

Sir Joseph Hooker Is Ninety-One. Special to the Herald.

London, June 30.—Sir Joseph Hooker, the world-famous botanist, was 91 years old today. Despite his great age he remains in possession of his faculties and continues to take an active interest in all that pertains to his favorite branch of science. Nearly three-quarters of a century has elapsed since Sir Joseph began his career as a naturalist by accompanying the famous Sir James Clark Ross expedition to the South Polar seas for the purpose of investigating the phenomena of terrestrial magnetism. In 1877 he paid a visit of three months' duration to the United States, where he was most cordially received by the leading scientific men.

North Carolina Bar Association. Special to the Herald.

Morehead City, N. C., June 30.—Many eminent members of the bench and bar are gathered here for the tenth annual meeting of the North Carolina Bar Association. The convention has its formal opening this evening and the sessions will continue until Friday. Judge Charles A. Moore of Asheville will preside and the annual address will be delivered by Hon. C. A. Woods of the supreme court of South Carolina.

Anti-Bucket Shop Law Passed By the Connecticut Legislature Comes Into Effect Tomorrow.

Special to the Herald.

Hartford, Conn., June 30.—Proprietors of the hundred or more bucket shops throughout Connecticut are to-day engaged in winding up their affairs preparatory to quitting business. Tomorrow the anti-bucket shop law passed by the last session of the legislature comes into effect, and henceforth it will be unlawful for such establishments to operate in this state. Severe penalties are provided for violations of the law, including a heavy fine and a jail sentence of from sixty days to one year for a second offense.

The Connecticut law is modeled after the Indiana law, and defines a bucket shop so comprehensively that there seems no loophole in it. It provides that any broker must on demand furnish a customer with a written statement of the name of the person from whom a purchase or to whom a sale was made, together with the time, place and price at which the transaction took place. Refusal or failure to do this is prima facie evidence that he is not doing a legitimate brokerage business, but is running a bucket shop.

NEGRO SHOOT WHITE MAN.

Jim Taylor Would Not Sidetrack For Negro and Was Shot.

Timpson, Texas, June 29.—Jim Taylor was shot by a negro Saturday night, the ball penetrating the forearm and passing through the bones. The young man and a companion had just returned from Teneha on the night train and were walking down the Texas and Gulf track alone. The night was dark and they met a couple of negroes, a man and a woman. The negro demanded the road and being refused, struck young Taylor with his walking stick. Taylor seized the stick and the negro drew his pistol and fired. The negro ran and attempted to catch the train as it left the station, but failing, turned and fled to Ragley, where he was apprehended by officers there at 3 o'clock Sunday afternoon. The negro was taken to Center, as there is considerable feeling here. The young man is not seriously hurt.

SAN ANTONIO DEPOT

Will Be Formally Opened With Impressive Ceremonies Tomorrow.

Special to the Herald.

San Antonio, Texas, June 30.—The International and Great Northern railroad has arranged to open here tomorrow the handsomest passenger station on its line south of St. Louis. The receiver of the line and many of the officials will unite with Congressman Slayden of this district, and many San Antonio business men in holding exercises which will fittingly celebrate the occasion.

The new station is an imposing structure built in the mission style of architecture. It is a noteworthy example of the recent tendency of the railroads of this country to make their routes attractive to the traveling public by erecting stations which by beauty of architecture and attractive grounds will please the artistic taste of their patrons.

EASY TO CURE CATARRH.

Just Breathe In Hyomei, the Dry Air That Kills the Germs.

You can do exactly what G. J. Sterers did by using Hyomei. Read this: "After having suffered from chronic catarrh for years, for which I tried various remedies without success, I became almost discouraged. After reading about Hyomei, I decided to make one more effort to rid myself of the dread disease, and to my great delight I found the use of two bottles of the inhalant sufficient to produce a complete cure. I now take pleasure in recommending this remedy to all sufferers from catarrh."—G. J. Sterers, Crown City, Ohio.

We don't simply say Hyomei will cure catarrh, but we say that Iration Drug Co., the druggists, guarantee it to cure catarrh, or money back. They do more—they guarantee it to cure asthma, bronchitis, hay fever, coughs and colds. A complete Hyomei outfit, including inhaler, costs only \$1.00, and extra bottles, if you afterwards need one, will cost but 50 cents. Hyomei is a pleasant dry air treatment. You just breathe it in, and as it passes over the inflamed membrane, it kills the germs of catarrh, and allays all inflammation.

# A Few Words About Paint

When you buy a paint that has satisfied Americans for 20 long years—in other words—

## HORSE SHOE PAINT

you know you are investing your money in a paint that must have merit. The sale of Horse Shoe Paint is increasing by leaps and bounds every year, because people recognize that its pigments, consisting entirely of Strictly pure Zinc and Strictly pure White Lead, (in every possible shade) without any cheapening or adulterating material whatever, form the strongest combination it is possible for any paint to have. The Zinc and Lead in Horse Shoe Paint are ground in Linseed Oil—crushed in the manufacturer's own mills to insure purity—the finest coloring matter and pure Japan Drier are then added, and the ingredients thoroughly mixed by heavy, scientific machinery.

Every can is carefully tested by expert chemists before leaving the factory, and this inspection is backed up by the manufacturers with the strongest guarantee, both as to purity and to wear.

Horse Shoe Paint spreads easily and evenly and never cracks, cracks or peels; retains its beautiful, high finish for years and years—that's why careful and thrifty householders have been using it for nearly a quarter of a century.

Mound City Paint & Color Co.  
611-613 No. 6th St.

night, and all members are urged to be present. Any one desiring to join this class is invited to attend.

The members of the Lawn Tennis Club met at the building last night and held the first meeting of importance this season. The tennis court is in excellent condition, and as there will be a championship tournament played during July, it is expected that the court will be a scene of activity for the next week in preparation for the event. A preliminary tournament will be played beginning today. In order to classify all players for the finals. All those who are interested in this delightful and healthful outdoor sport should apply for membership at once, as there are but a few vacancies left, the membership being limited. Mr. Chas. Johnson was elected president of the club, in place of P. H. O. Green, resigned.

The fencing club met in the gymnasium last night, after being disbanded for the past six months. This class is open to all members for membership and will be continued throughout the summer months. Those desiring to join this class should do so at once, in order to get an even start with the other members.

## POLITICS AND POLITICIANS.

Owing to the condition of his health Senator Bailey of Texas will be unable to attend the democratic convention at Denver.

The National Republican League has decided to hold its biennial convention in Cincinnati during the third week of September.

Hon. D. T. Flynn, ex-delegate to congress from Oklahoma, is to be a candidate for United States senator against T. P. Gore.

John P. Grace of Charleston is the latest candidate to enter the race for United States senator from South Carolina.

Sherburn M. Becker, who announced that he would try for the governorship of Wisconsin soon after his term of office as mayor of Milwaukee expired recently has withdrawn his candidacy and will engage in business.

There will be near half again as many delegates in the coming prohibition national convention in Columbus as were credited to the recent republican national convention in Chi-

cago. The convention will open July 15.

Governor Claude A. Swanson of Virginia has accepted an invitation to second the nomination of W. J. Bryan at the Denver convention.

Three republicans are contesting for the United States senatorship in Illinois. They are Albert J. Hopkins, the incumbent, ex-Senator William E. Mason, and representative George Edmund Foss of the Tenth district.

Charles G. Dawes, who may be treasurer of the republican national

committee, is head of the Central Trust company of Illinois and is well known in financial circles throughout the country, having been comptroller of the currency in 1897-1902.

## New Transfer Line.

Walter Bowdon has on a first-class transfer line, and wants your business. When you have hauling phone 74 or 898, and he will give you prompt service.

## After July First

my business will be strictly cash. Nothing will leave the stable until paid for. P. B. Ezell.

## "THE DENVER SPECIAL"

(Via Ft. Worth & Denver City Ry.)

Will Afford Advantages Not Otherwise Obtainable and will be operated under conditions to meet the requirements of the most exacting!

In addition to serving all meals en route in elegant fully-equipped dining cars at city prices and upon the 'pay only for what you eat' plan (this being a regular feature of our through trains) and providing for all the usual complement of other first-class equipment required in modern long-distance trains; this train, in order to accommodate some of the hundreds who will go and to provide a limited number of them convenient, creditable and altogether satisfactory sleeping accommodations while in Denver, at an expense running 20 to 50 per cent less than would be possible to secure at first-class hotels after arrival in the Convention City, will also carry, extra, a number of Pullman's Best Tourist Sleepers.

Some of these extra sleepers (of which there will be but a limited number) will be 'Parked' for sleeping purposes during the Convention, convenient of access and immediately adjacent Denver Union Station—from which street cars will be available every two minutes; this being a feature of Money-saving importance, and possessing advantages of location not approachable by or via any other Texas Line.

As the ticket rates for this occasion will be unusually low (approximately one fare for the round trip) and these special lodging accommodations will necessarily be limited in number, prompt applications for same will be necessary in order to secure choice assignments; the expense of which will be but \$12.50 per double berth for the most favorable, and \$10.00 per berth for the balance, for the entire round trip of eight days; each berth being large enough for two persons. For one-way Sleeper accommodations, rate of \$2.50 per berth will apply.

This train will leave Fort Worth via "THE DENVER ROAD" at 9:30 a. m. Sunday, July 5th, will arrive Denver during the early afternoon of the following day and will leave Denver, returning, at 10:00 p. m., July 11th. Special representatives will accompany this train and be in charge of all special arrangements. Applications for reservations, and remittances to cover, should be promptly made to

A. A. GLISSON, General Passenger Agent, Fort Worth, Texas.

SPECIAL NOTE:—For both going and return trips we offer Double Daily Solid Through Train Service, thus avoiding changes of cars of any class and the possibility of broken connections at junction, en route. No other Texas Line does.
